

Name _____

Safe Biker Quiz

Circle the correct answer for each question, then put that letter in the puzzle at the end to solve!

1. **When do you need to wear a bicycle helmet?**
 - A. Only when you are riding somewhere bumpy where you think you might crash.
 - B. Every time you ride.
 - C. Just when you are near cars, not when you are at a park or just in your driveway.
 2. **Where should you cross the street?**
 - C. Wherever you want.
 - D. Where there are no cars.
 - E. At a corner or crosswalk.
 3. **Why is it not safe to listen to music or look at your phone while walking or biking?**
 - Q. Because you can't talk to your friends.
 - R. Because you might drop your phone and break it.
 - S. Because you might not see or hear cars coming at you.
 4. **Where should you look before crossing the street?**
 - A. Left – Right – Left
 - B. Right – Left – Right
 - C. Up – Down – Up
 5. **When do you need to be extra careful and look for cars that might be coming?**
 - C. When you are crossing a street.
 - D. When you are crossing a driveway.
 - E. When you are approaching an alley.
 - F. All of the above.
 6. **Once it is safe to cross the street:**
 - C. You should run across quickly, so you don't hold up traffic.
 - D. You no longer have to watch for cars while you cross.
 - E. You should walk and keep looking for cars while you cross.
 7. **Why should you wear bright clothes when you ride your bicycle?**
 - A. Because bicycle racers wear those colors.
 - B. To help drivers see you.
 - C. Because it looks nice with your bicycle.
 - D. In case it rains.
 8. **Why is it safer to ride in a straight line than weaving back and forth when riding your bicycle?**
 - H. Because you could get dizzy if you weave back and forth.
 - I. Because drivers will not know where you are trying to go if you ride all over the road.
 - J. Because your bike might break.
 9. **When you approach an alley:**
 - I. You should speed up so you get across it quickly.
 - J. The cars will stop, so you don't need to slow down or stop.
 - K. Slow down and be prepared to stop. Check the mirror if there is one, and look left.
 10. **True or False? If you can see a car, it can see you!**
 - D. True
 - E. False
 11. **You are riding on a sidewalk and you come up behind some people who are walking. How can you let them know you want to pass them?**
 - P. Ring your bicycle bell.
 - Q. Tell them you are going to pass them.
 - R. Either of the above.
